ANUNDORAM BOROOAH ACADEMY DEGREE COLLEGE

(Affiliated to Bodoland University)

Anundoram Borooah Academy Degree College has been running UG and PG courses in different subjects following the syllabus prepared by Bodoland University, with due permission from Bodoland University.

Ministry of Human Resource Development has already initiated New Education Policy in our country to bring out reforms in education system. UGC, in this regard, has been playing a vital role in developing New Education Policy, its execution and promotion of Higher Education in the country.

Being the regulatory authority of Higher Education in India, UGC has constantly been emphasising on the implementation of guidelines received from MHRD and as a part of it CBCS (Choice Based Credit System) has been introduced in the Higher Education Institutions across the country. With no exception to it, Bodoland University has also adopted the same system so that the educational system in Assam becomes more student-centric than system-centric or teacher centric. CBCS allows students to acquire more knowledge as it has flexibility for the students to study courses of their choice.

Anundoram Borooah Academy, being one of the premiere educational institutions in Assam, has left no stone unturned to follow each and every norm of NEP and UGC. As a humble practice of following the norms of NEP and guidelines of UGC, Anundoram Borooah Academy has decided to go for CBCS which is regarded to be more acceptable than the conventional evaluation system and thus to help the students to move across institutions both within India and abroad which is one of the major characteristics of CBCS.
